What is a board game cafe?

As the name suggests, a board game cafe is a place where anyone can come to play table games and have some refreshments.

We have a wide range of games, from classics like chess, draughts and backgammon. To well-known family favourite like snakes and ladders, scrabble and risk or euro classics like catan and carcassonne. Or you can bring your own.

How does it work?

We provide the game and you pay for a table £2 for 2 hours, with refreshments extra. The proceeds go to running the cafe and getting more games.
