### **Dogpool Lane Bridge Reconstruction over the River Rea - BHMMS/CIP/04130**

#### **What's Happening?**

We will be reconstructing the bridge over the River Rea on Dogpool Lane later this year. Prior to reconstructing the bridge, the existing utility services crossing the bridge need to be diverted over a temporary footbridge which will be installed adjacent to the existing bridge. We will be using temporary traffic lights whilst completing the works where required and these may be in place overnight. A one day full road closure will be required for the installation of the temporary footbridge. Once the service diversions are completed Dogpool Lane will be closed for the reconstruction of the bridge.

#### **When Will This Happen?**

The expected start date is during the **week ending 6<sup>th</sup> July 2012**. The work will last for up to 19 Weeks. We will be working daytime only between 0730hrs to 1800hrs. The 1 day closure for footbridge installation will take place **week ending 27<sup>th</sup> July 2012**. Full closure of the road for bridge reconstruction is expected to commence **week ending 23<sup>rd</sup> November 2012** for 29 weeks.

#### **Access To Your Property**

Access to properties will not be affected. Pedestrian access will be maintained over the temporary footbridge. The lane closures, the one day road closure and the full road closure for reconstruction are in place for your safety as well as the safety of our staff. We appreciate your patience and understanding during the works.

#### **Traffic Information**

**Dogpool Lane** will be subject to lane closures and a one day closure. Width and speed restrictions will be in force during the lane closures. For details of bus service diversions please see <http://nxbus.co.uk/west-midlands/information/temporary-diversions/>, visit your local Travel Shop or call 0121 254 7272.

#### **Parking**

In order for us to carry out these works, we must ask you to ensure that vehicles are **not parked** inside the areas of the lane closures, which will be pre-warned by no parking bollards. Any cars left on the road will be removed by the City Council Parking Enforcement Team, which could include a cost to the owner. We will help you with access where possible if you contact us prior to the works on 0121 303 6644 (option 2).

#### **Further Information**

If you require further information please telephone 0121 303 6644. We apologise for any inconvenience caused and would like to assure you that we will do the work with as little disruption as possible as we improve your local environment. Thank you for your patience whilst we work to improve the city's streets.
